

Ships with one HB 604 Timber Fixing Kit

HB 677

BI-FOLD FLUSH PULL

Where the HB665 Flush Pull or HB695 Lockset is being used for sliding doors, this bi-fold pull helps maintain visual consistency across all doors in the project. The HB 677 Flush Pull also suits pivot doors or kitchen drawers. It provides a comfortable molded lip and generous 16mm (.63 ") internal depth.

NOTE: This pull is handed. Please specify **LH** or **RH**.
HB677-RH is shown here.

Each HB 677 Flush Pull is shipped with one set of the HB 604 Timber Fixing hardware, previously sold separately.
